

# Alfa Romeo Barchetta 2000

**1<sup>st</sup> registration** : September 15<sup>th</sup>, 1961

**2000cc, full aluminium, tubular chassis**

*Unique car, handbuilt aluminium body made in Argentina by Nestor SALERNO, on the basis of an Alfa Romeo Giulietta Sprint Coupe (chassis nr. AR 139399) that was exported to Buenos Aires in 1961.*

*Full aluminium body, tubular frame, original 1300cc engine was later replaced by a 2000cc Giulia twin cam engine, weber (double) carburetors, 5 speed gearbox, 170 HP. Magnesium wheels and vented drum brakes from the Alfa Romeo TZ 1.*

*Year of modification unknown. Handles extremely well and is great fun to drive!*

*Now with German registration, FIA documents*
